## **2017 Statewide Winter Storms**

### **Cal OES Coastal Region**

#### **Paul's Slide, State Route 1, Monterey County**

Per Cal OES Coastal Duty Officer (CDO), as of 1300 hours on 05/25/17, Paul's Slide on State Route 1 has been closed to all traffic.

- Caltrans engineers report slide activity and the area has been closed in the interest of public safety.
- Assessment will commence and further details will be provided once released.

#### **Mud Creek Slide, State Route 1, Monterey County**

The Mud Creek area on State Route 1 sustained a major slide on the evening of 05/20/17, when over a million tons of rock and dirt fell down the slope continuing down to the ocean floor 250 feet off the shoreline.

- The Mud Creek area is ¼ mile in length, made up of five slides, four of which fell during this single incident and consolidated into one slide. The remaining slide now extends 1,500 feet in length over State Route 1 and is about 35 to 40 feet deep.
- Roadwork at Mud Creek was suspended and heavy equipment removed due to the threat of new slides and for safety of highway workers. Caltrans geologists and engineers plan to assess it further when this area stabilizes.
- Estimated opening date is 06/01/18.

#### **Pfeiffer Bridge Incident, Monterey County**

California Highway Patrol (CHP) and Caltrans had a hard closure on the Pfeiffer Bridge on HWY 1 at mile marker 45.52 (SB Sycamore Canyon and the Bridge) due to a crack in the bridge. The bridge has been demolished so the road is closed and estimates for some access from the north is late September 2017.

- Backup air medical transport plans have been developed for medical emergencies through Cal OES Law Enforcement Branch.
- All businesses north of the Pfeiffer Canyon Bridge closure are open to the public.
- Caltrans will continue the process of delivering construction materials and equipment to the site of the demolished bridge on HWY 1 via Nacimiento-Fergusson Road from Hwy 101 on Tuesday, 06/20/17.
- Some equipment will begin moving out one piece at a time throughout the week. These convoys of equipment will be escorted by CHP.
- Effective 07/01/17, there will be a shuttle available until the Pfeiffer Canyon Bridge reopens (estimated reopening date from Caltrans is September 2017) seven days a week, 1200-2000. North shuttle leaves every hour starting at noon. South shuttle leaves every 15 minutes from Loma Vista to Nepenthe. The last shuttle from north to south is at 1700 hours. The last shuttle from south to north is 1900 hours.
- Pfeiffer Big Sur State Park will reopen to the public on 07/01/17 after an 11-month closure due to the Soberanes Fire and winter storms.
- Julia Pfeiffer Burns State Park, Andrew Molera State Park, and Highway 1 at Pfeiffer Canyon Bridge remain closed.

# WEATHER SYNOPSIS BY REGION

## **NORTHERN CALIFORNIA**

### **\*\*\* Hot, Dry, and Windy Eastern Bay Area Today \*\*\***

High pressure near the 4-Corners area will be a bit weaker through Wednesday as a low pressure trough sits over the region, OR, and WA. Inland temperatures will be closer to normal throughout the region and humidity and SW-NW winds will increase a bit.

SW-W winds in northern and eastern areas wind and gust will be light today and tomorrow. Some mid-level cloud development is possible in far northwestern areas due to the trough. There is a remote chance of a shower or thunderstorm each day through Wednesday near the OR state line.

In coastal areas, very dry and warm air remains in place above the marine layer (1300-1700 ft). RH will be 20% today as the westerly winds return. In Del Norte County dry NE winds will gust to 25-30 mph over the higher terrain off and on through tomorrow morning.

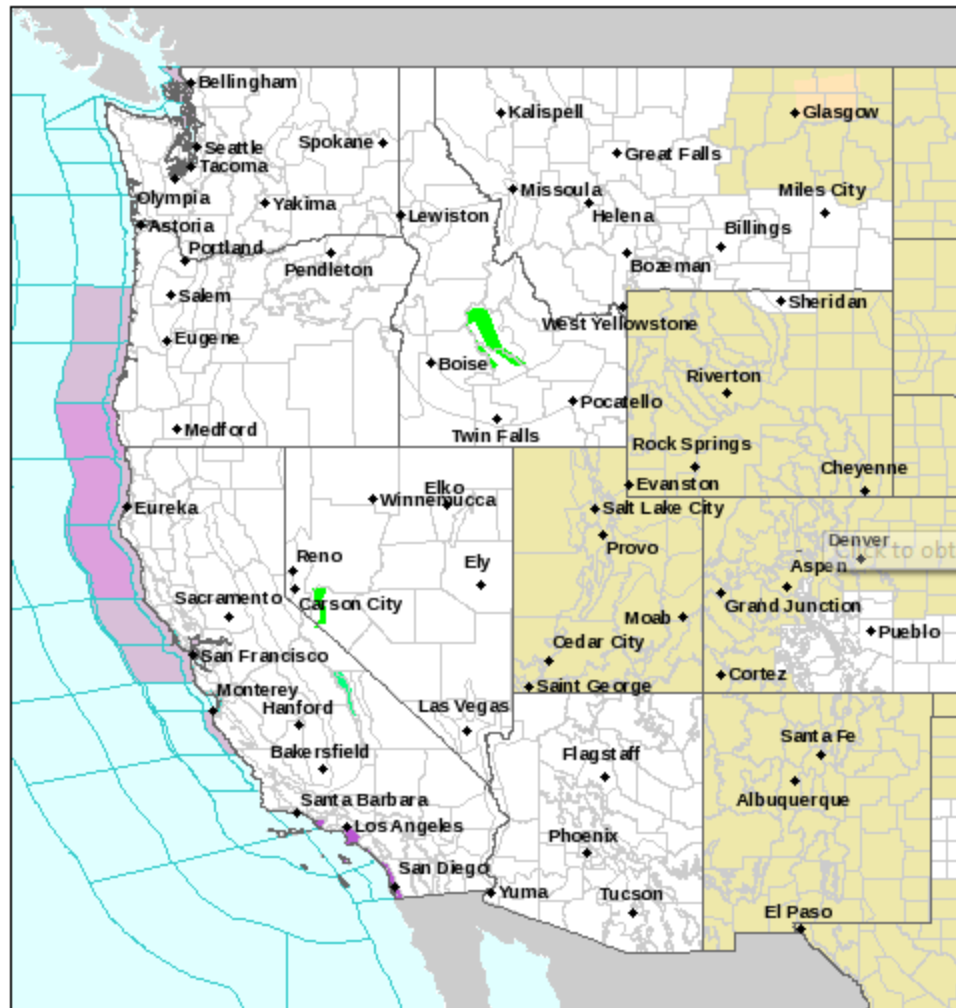

The high will build back over the Great Basin late in the week and bring a return to very hot and dry weather. There will be a slight chance of afternoon thunderstorms in far southeastern areas each day, with increasing chances and coverage along with hotter temperatures next weekend.

## **SOUTHERN CALIFORNIA**

Temperatures will cool a couple of degrees each day through Wednesday as high pressure over the Four Corners Area weakens and shifts east. Maximum temperatures will be in the 80s to low 90s across the mountains and 90s to 105 in the valley today. Minimum humidity will be mainly between 15% and 30% through the end of this week. High pressure will strengthen and shift west bringing a warming trend Thursday through this weekend. East to southeast flow aloft will bring an increase in shower and thunderstorm activity Friday through this weekend. Showers and thunderstorms may affect the coastal and valley locations this weekend. Westerly winds of 15 to 25 mph with gusts to 40 mph will surface across the wind prone desert areas each afternoon and evening through Thursday.

## **2017 Statewide Winter Storms**

### **Presidential Major Disaster Declarations for January/February Winter Storms – FEMA-4301-DR-CA, FEMA-4305-DR-CA, & FEMA-4308-DR-CA**

- Assistance for emergency work and the repair or replacement of disaster-damaged facilities was approved for the following counties in at least one of the major disaster declaration: Alameda, Alpine, Amador, Butte, Calaveras, Contra Costa, El Dorado, Humboldt, Inyo, Kern, Lake, Lassen, Los Angeles, Marin, Mendocino, Merced, Mono, Monterey, Napa, Nevada, Orange, Placer, Plumas, Riverside, Sacramento, San Benito, San Diego, San Luis Obispo, San Mateo, Santa Barbara, Santa Clara, Santa Cruz, Shasta, Sierra, Siskiyou, Solano, Sonoma, Sutter, Tehama, Trinity, Tuolumne, Yolo, and Yuba and the Tule River Tribe in Tulare County.

### **EMAC and Public Assistance - 2017 Winter Storms**

- Cal OES Recovery Division identified the need for Public Assistance subject matter experts to assist with the aftermath of the 2017 Severe Winter Storms. Accordingly, Cal OES requested assistance from other states through the Emergency Management Assistance Compact (EMAC) - the Nation's mutual-aid system. New Jersey and Colorado provided personnel that arrived on Monday, 06/13/17. Both states along with other potential states will be providing support between now and the beginning of September at various Joint Field Offices throughout California. The goal is to assist those impacted counties in identifying disaster related damage and program eligibility.
- See Cal OES Mission Tasking slide for Mission Tasking information.
